

IMPACTIVA LEATHER GOODS AND ACCESSORIES QUALITY ASSURANCE PROGRAM

FROM LOST SALES TO EROSION OF BRAND IMAGE, POOR QUALITY CAN HAVE SERIOUS FINANCIAL CONSEQUENCES

Defective products destroy profits. Material color differences, poor stitching and defective hardware: all can dramatically reduce margins. You have a lot at stake, so why risk your company's future with inadequate quality control? At Impactiva, we focus on providing leather goods and accessories quality assurance Right from the start™. Our Leather Goods and Accessories Quality Assurance Program will provide on-the-floor, end-to-end oversight of your factories to cut costs and virtually eliminate customer chargebacks while achieving a minimum of 200% return on your investment in Impactiva's fees.

WHY IS IMPACTIVA DIFFERENT?

DEPENDABLE, END-TO-END QUALITY ASSURANCE

Our highly trained leather goods and accessories quality assurance technicians will work side-by-side with your factory employees every day while your products are being produced. Their coaching will bring reliability, efficiency and corruption-free discipline to the factory floor, protecting your brand while reducing factory waste and errors. Our technicians will eliminate the need for you to spend valuable resources on replacing and training in-house inspectors.

DETAILED UNDERSTANDING OF YOUR NEEDS AND PRODUCTS

We'll work with you on the esthetic look and fit of each style, and then ensure this understanding is conveyed directly to operators on the factory floor. And we won't stop there. We'll also use this knowledge to perform mandatory pre-production trials, averting costly reworks and delivery delays by detecting defects early. The result: better quality with fewer claims and chargebacks.

PROVEN, COST-SAVING PROCESSES

Our proprietary quality assurance processes will ensure proper execution at every step, from approval of incoming materials to cutting, pre-assembly, stitching, labeling and packing. We'll perform more than 23 quality tests on all incoming materials, plus 34 in-line inspection checks, reducing your factory quality-related claims to less than 0.40% of all products shipped.

“Impactiva's Leather Goods and Accessories Quality Assurance Program will bring reliability, efficiency and discipline to your factory floors, reducing errors while cutting costs and protecting your brand”.
